We are authorized to announce

WILLIAM O. CHENAULT, SR.
as a candidate for County Judge, subject to the action of the Democratic Primary,
August 2, 1912.

W. O. CHENAULT.

In the proper column appears the authorized announcement of Mr. W. O. Chenault as an aspirant for the Democratic nomination for County Judge.

Mr. Chenault really needs no introduction to the people of Montgomery county, having lived here in our midst for many years and being widely and favorably known by nearly all of our citizens.

After leaving the local public schools he spent two years at Genter College, now Central University, of Danville, and later graduated with high honors at Princeton University, of which institution the Hon. Woodrow Wilson was for years president. Returning home, he studied law and was admitted to the bar and engaged for a time in the active practice of his profession. Later he retired to his farm, upon which he now lives, though always taking an active interest in a number of important litigations, necessitating his keeping in close touch with the decisions of the highest court of our State.

For some years he was Master in Chancery of the Montgomery Common Pleas Court and discharged his duties fearlessly, impartially and with general satisfaction. Being thoroughly acquainted with the duties of the office of County Judge, he promises, if elected, to give his entire time to it; to give equal justice to all; to take an active interest in the expenditure of public funds, especially on the roads of the county, with the view of bettering conditions generally and to watch zealously the interests of the taxpayers upon all matters connected with the business of the public.

Being a scholarly gentleman and worthy Democrat, we submit his claims for the nomination for County Judge and ask that they be given thoughtful consideration.

AN EMERGENCY DOES EXIST.

Under the law, before the Governor can employ counsel to assist the Attorney General, the latter must ask it on the ground of an existing emergency. Much has appeared in the press of the State regarding the suits growing out of the action of the State Board of Valuation and Assessment, materially increasing the value of franchises of the various railroads and public service corporations of the State.

In this suit there are eighteen of the ablest corporation lawyers of the country on the side of the corporations; if the Board is sustained, it will mean millions of dollars to the people of Kentucky and without reflecting on the integrity or ability of our Attorney General, we feel warranted in asserting that if an emergency does not now exist, this generation shall never see one.

The title of skepticism is surely dueing to the wonderful powers developed by this strange man.

The Chicago Tribune says: "Ordained to do what he does by some strange power whose potent influence is felt by every creature on the face of the earth, whose power is seen in the forces of Nature."

This wonderful and gifted man demonstrates his power in your presence while you look listen and wonder. The deeds of the Profess and Wisemen of old are outdone by this strange and mysterious force seen of modern times.

He re-unites the separated, settles lawsuits, straightens out all domestic troubles, causes speedy and happy marriage with the one of your choice, helps you out in all your troubles in love, courtship, marriage, business, speculations, investment, wills, debts, mortgages, patents, claims, and in fact all financial difficulties.

As a seer and interpreter of things lost or hidden he has few equals.

That Postoffice Appointment.

Gossain was ripe yesterday as to who will be Mt. Sterling's next postmaster. There was a great difference of opinion—in fact no two agreed on the question. But laying all jokes aside, there are no two sides to the question of buying dependable merchandise. All agree that Hazzelsoo's is the best place.

"The County Sheriff."

Watson and Lambert will present at the Taft Opera House, Wednesday, November 12, his new version, by Lem B. Patterson, "The County Sheriff," a strong comedy drama in four acts. The play has been entirely re-written and this version is presented for the first time in this city. The play is one of the Delights and deals with the efforts of the County Sheriff to break up a gang of cattle thieves, and incidentally to win the heart of Melba. Special attention has been given to the singing of the play. The second act showing Dayton's ranch in the evening with the mountains in the distance, with a small camp, lighted high upon the mountain side and the singing of the cowboys in the distance, never fails to bring forth unanimous applause at the rise of the curtain. A new play, new company, new scenic production and new specialties and many other features, besides 3 reels of greater pictures. Prices 25, 35 and 50c.

To The Democrats of Montgomery County.

While the primary election is some time off, (not coming until the first Saturday in August, 1912,) in order that my friends may not undoubtedly commit themselves against me, I desire to notify them that in due time I will announce myself as a candidate for re-election as County Judge. Respectfully,
G. A. McCormick.
